

## ISSUE @ A GLANCE

### Coronary and cerebrovascular interventions

T.F. Lüscher 3061

## CardioPulse

### The European Society of Cardiology Annual Congress in Rome 2016

T.F. Lüscher 3064

### Pope Francis at ESC Congress 2016

A. Tofield 3065

### The Editorial Board Meeting of the *European Heart Journal* in Rome

A. Tofield 3066

### Tour de Coeur 2016, 'Ride to Rome'

A. Hoffmann 3068

### Spontaneous coronary artery dissection

D. Adlam, A. Maas, C. Vrints, and F. Alfonso 3073

## CURRENT OPINION

### DNA damage-associated biomarkers in studying individual sensitivity to low-dose radiation from cardiovascular imaging

W.H. Lee, P.K. Nguyen, D. Fleischmann, and J.C. Wu 3075

## REVIEW

### Frontiers in cardiovascular medicine

### Catheter-based interventions for acute ischaemic stroke

P. Widimsky and L.N. Hopkins 3081

## EHJ BRIEF COMMUNICATION

### Interventional cardiology

### Imaging- and physiology-guided percutaneous coronary intervention without contrast administration in advanced renal failure: a feasibility, safety, and outcome study

Z.A. Ali, K. Karimi Galougahi, T. Nazif, A. Maehara, M.A. Hardy, D.J. Cohen, L.E. Ratner, M.B. Collins, J.W. Moses, A.J. Kirtane, G.W. Stone, D. Karmaliotis, and M.B. Leon 3090

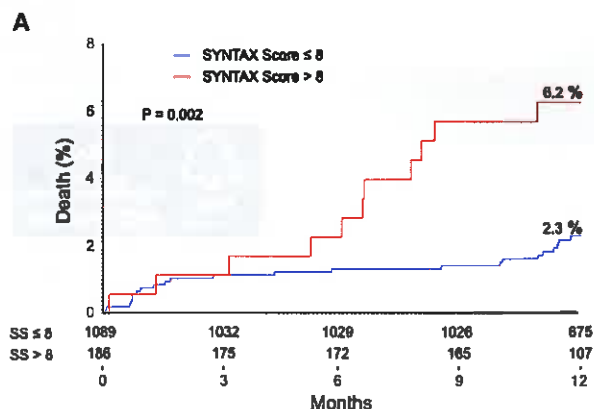

## CLINICAL RESEARCH

### Vascular medicine

### Sonolysis in Prevention of Brain Infarction During Carotid Endarterectomy and Stenting (SONOBUSTER): a randomized, controlled trial

D. Školoudík, M. Kuliha, T. Hrbáč, T. Jonszta, and Roman Herzig, for the SONOBUSTER Trial Group 3096

### Coronary artery disease

### Risk stratification of patients undergoing medical therapy after coronary angiography

N. Bettinger, T. Palmerini, A. Caixeta, O. Dressler, C. Litherland, D.P. Francese, G. Giustino, R. Mehran, M.B. Leon, G.W. Stone, and P. Généreux

3103

**CARDIOVASCULAR FLASHLIGHTS**

Typical STEMI: or not? Embolic left anterior descending artery occlusion, fulminant pulmonary embolism, and in-transit thrombus in a patent foramen ovale

R. Maier, J. Krumnikl, I. Knez, and P.P. Rainer

3114

Near-catastrophic event from a benign cause

A. Becker, M. Friedrich, C.L. Behnes, and T. Seidler

3115
