2262 Effect of Continuous Glucose Monitoring on Glycemic Control in Patients With Type 2 Diabetes Treated With Basal Insulin: A Randomized Clinical Trial

T Martens and Coauthors
for the MOBILE Study Group

This clinical trial compares the efficacy of continuous glucose monitoring (CGM) vs traditional blood glucose meter monitoring on glycemic control in adults with type 2 diabetes treated with basal insulin without prandial insulin in primary care practices.

RESEARCH LETTER

2312 Rural-Urban Disparity in Mortality in the US From 1999 to 2019

SH Cross, RM Califf, and HJ Warraich

This study analyzes all deaths occurring in the US using the US Centers for Disease Control and Prevention Wide-Ranging Online Data for Epidemiologic Research database from 1999-2019 and the National Center for Health Statistics Urban-Rural Classification Scheme to create population categories per the 2013 US Census classification (large, small- or medium-sized, and rural areas).
