Table of Contents

December 2016 Volume 91 Number 12

The January online issue of *Proceedings* will be available by Tuesday, January 3.
Sign up for an alert to the online Table of Contents at www.mayoclinicproceedings.org

Editorial

- 1675** Onco-Cardiology: A Tale of Interplay Between 2 Families of Diseases
Sadeer G. Al-Kindi and Guilherme H. Oliveira

Commentary

- 1678** Empathy in the Time of Burnout
Edward R. Melnick and Seth M. Powsner

Original Articles

- 1680** Cancer History Portends Worse Acute and Long-term Noncardiac (but Not Cardiac) Mortality After Primary Percutaneous Coronary Intervention for Acute ST-Segment Elevation Myocardial Infarction
Feilong Wang, Rajiv Gulati, Ryan J. Lennon, Bradley R. Lewis, Jae Park, Gurpreet S. Sandhu, R. Scott Wright, Amir Lerman, and Joerg Herrmann  
- Patients with ST-segment elevation myocardial infarction and a history of cancer are best managed using an integrative approach, addressing both the cardiac and the noncardiac dimensions.
- 1693** Physical Activity and Risk of Colon Cancer in Diabetic and Nondiabetic US Adults
Daniela Schmid, Gundula Behrens, Charles E. Matthews, and Michael F. Leitzmann 
- Although physical activity was not significantly associated with reduced risk of colon cancer in diabetic participants in this cohort, the authors say larger studies are needed.
- 1706** Association of Physical Activity and Inflammation With All-Cause, Cardiovascular-Related, and Cancer-Related Mortality
Jong-Young Lee, Seungho Ryu, EunSun Cheong, and Ki-Chul Sung 
- Higher physical activity levels were associated with a dose-dependent reduced risk of cardiovascular-related, cancer-related, and all-cause mortality.
- 1717** 5-Alpha Reductase Inhibitors and the Risk of Prostate Cancer Mortality in Men Treated for Benign Prostatic Hyperplasia
Lauren P. Wallner, Julia R. DiBello, Bonnie H. Li, Stephen K. Van Den Eeden, Sheila Weinmann, Debra P. Ritzwoller, Jill E. Abell, Ralph D'Agostino Jr, Ronald K. Loo, David S. Aaronson, Kathryn Richert-Boe, Ralph I. Horwitz, and Steven J. Jacobsen  
- Use of 5-alpha reductase inhibitors to treat benign prostatic hyperplasia/lower urinary tract symptoms is not associated with an increased risk of prostate cancer mortality when compared with alpha-adrenergic blocker use.

Continued

- 1727** **Impact of a Multidisciplinary Team Approach Including an Intensivist on the Outcomes of Critically Ill Patients in the Cardiac Care Unit**
Zaher Fanari, Armin Barekattain, Roger Kerzner, Sumaya Hammami, William S. Weintraub, and Vinay Maheshwari 
 A multidisciplinary team approach in which an intensivist and a cardiologist comanage the critical care of patients in the cardiac care unit may reduce both cardiac care unit and hospital mortality.
- 1735** **Emergency Video Telemedicine Consultation for Newborn Resuscitations: The Mayo Clinic Experience**
Jennifer L. Fang, Christopher A. Collura, Robert V. Johnson, Garth F. Asay, William A. Carey, Douglas P. Derleth, Tara R. Lang, Beth L. Kreofsky, and Christopher E. Colby 
 Telemedicine consultation for neonatal resuscitation improves patient access to neonatology expertise and prevents unnecessary transfers to a higher level of care.
- 1744** **Kidney Function After the First Kidney Stone Event**
William E. Haley, Felicity T. Enders, Lisa E. Vaughan, Ramila A. Mehta, Maxton E. Thoman, Terri J. Vrtiska, Amy E. Krambeck, John C. Lieske, and Andrew D. Rule 
 Kidney stone formers have sustained higher cystatin C levels and proteinuria that may affect long-term risk of chronic kidney disease.
- 1753** **Effect of Center Volume on Outcomes in Hospitalized Patients With Hereditary Hemorrhagic Telangiectasia**
Vivek N. Iyer, Waleed Brinjikji, Bibek S. Pannu, Dinesh R. Apala, Giuseppe Lanzino, Harry J. Cloft, Sanjay Misra, Michael J. Krowka, Christopher P. Wood, and Karen L. Swanson 
 Patients with hereditary hemorrhagic telangiectasia hospitalized at high-volume treatment centers had better outcomes, with lower in-hospital mortality and higher home discharge rates.
- 1761** **Enhancing the Clinical Reasoning Skills of Postgraduate Students in Internal Medicine Through Medical Nonfiction and Nonmedical Fiction Extracurricular Books**
H.S. Kiran, Thomas V. Chacko, K.A. Sudharshana Murthy, and H. Basavana Gowdappa 
 Books such as *How Doctors Think* and *Sherlock Holmes* can enhance the clinical reasoning skills of postgraduate students in internal medicine.
- 1769** **Poor Heart Rate Recovery Is Associated With the Development of New-Onset Atrial Fibrillation in Middle-Aged Adults**
Avi Sabbag, Anat Berkovitch, Yechezkel Sidi, Shaye Kivity, Sagit Ben Zekry, Roy Beinart, Shlomo Segev, Michael Glikson, Ilan Goldenberg, and Elad Maor 
 Poor heart rate recovery is independently associated with the development of new-onset atrial fibrillation during long-term follow-up in middle-aged adults.

Reviews

- 1778** **The State of the Art: Atrial Fibrillation Epidemiology, Prevention, and Treatment**
Daniel P. Morin, Michael L. Bernard, Christopher Madias, Paul A. Rogers, Sudarone Thihalalipavan, and N.A. Mark Estes III 
1811 **Point-of-Care Ultrasonography for Primary Care Physicians and General Internists**
Anjali Bhagra, David M. Tierney, Hiroshi Sekiguchi, and Nilam J. Soni 

Concise Review for Clinicians—CME Credit Offered

- 1828 **Small Intestinal Bacterial Overgrowth: A Primary Care Review**
Edward J. Krajceck and Stephanie L. Hansel

Please note that articles with an "e" page designation are available only in the online version of the journal at www.mayoclinicproceedings.org

Residents' Clinic

- 1834 **46-Year-Old Man With Jaundice and Hypoxemia**
Michael H. Boume Jr, Lynn A. Fussner, and Eva M. Carmona
- e161 **56-Year-Old Man With Fever, Altered Mental Status, and Abdominal Pain**
Donnesha B. Clayton, Kayin B. Jeffers, and M. Caroline Burton 

Letters to the Editor

- 1840 **Emergency Life Prevention**
Thomas K. Nelson
- 1841 **In Reply—Emergency Life Prevention**
Petra M. Casey, Lisa N. Kransdorf, and Pelin Batur
- 1842 **Opposition to Value-Based Cancer Care—Interests of Patients or Conflicts of Interest?**
Daniel A. Goldstein 

Medical Images

- 1849 **Cobblestone Airways**
Timothy J. Barreiro 

Path to Patient Image Quiz

- e167 **Paratesticular Adenomatoid Tumor**
Sounak Gupta and Lori A. Erickson 

Art at Mayo Clinic

- e169 ***The Plains, The Prairie, The Woodlands* — Steuben Glass**
Margaret R. Wentz 

Stamp Vignette on Medical Science

- e171 **Hendrik van Deventer: Dutch Obstetrician and Orthopedist**
David P. Steensma and Robert A. Kyle 

Other Features

- 1843 Correction
 1844 Reviewers for *Mayo Clinic Proceedings* (2016)
 39A Professional Opportunities
