

ULTRASOUND

in Obstetrics & Gynecology

Editor in Chief: Professor Basky Thilaganathan

The Official Journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

CONTENTS

EDITORIAL

- 1 **Etiological diagnostic tools to elucidate 'isolated' ventriculomegaly**
 *L. Guibaud and A. Lacalm*

REFEREE COMMENTARIES

- 12 **Maternal cardiac function, uteroplacental Doppler flow parameters and pregnancy outcome**
B. Thilaganathan
- 12 **Cervical length in women with twin pregnancy presenting with threatened preterm labor**
J. Barrett

SYSTEMATIC REVIEWS

- 14 **True Reproducibility of UltraSound Techniques (TRUST): systematic review of reliability studies in obstetrics and gynecology**
M. A. Coelho Neto, P. Roncato, C. O. Nastri and W. P. Martins
- 21 **Maternal cardiac function, uteroplacental Doppler flow parameters and pregnancy outcome: a systematic review**
 *M. A. M. Kumpman, C. M. Bilardo, B. J. M. Mulder, J. G. Aarnoudse, C. Ris-Stalpers, D. J. van Veldhuisen and P. G. Pieper*

ORIGINAL PAPERS

- 29 **Sonographic spectrum of first-trimester fetal cephalocele: review of 35 cases**
W. Sepulveda, A. E. Wong, E. Andreeva, N. Odegova, P. Martinez-Ten and S. Meagher
- 34 **Serum alpha-fetoprotein in the three trimesters of pregnancy: effects of maternal characteristics and medical history**
F. E. Bredaki, C. Sciorio, A. Wright, D. Wright and K. H. Nicolaides
- 42 **Serum pregnancy-associated plasma protein-A in the three trimesters of pregnancy: effects of maternal characteristics and medical history**
D. Wright, M. Silva, S. Papadopoulos, A. Wright and K. H. Nicolaides
- 51 **Serum free β -human chorionic gonadotropin in the three trimesters of pregnancy: effects of maternal characteristics and medical history**
D. Wright, S. Papadopoulos, M. Silva, A. Wright and K. H. Nicolaides
- 60 **Facial markers in second- and third-trimester fetuses with trisomy 18 or 13, triploidy or Turner syndrome**
K. O. Kagan, J. Sonek, X. Berg, C. Berg, M. Mallmann, H. Abele, M. Hoopmann and A. Geipel
- 66 **Facial profile markers in second- and third-trimester fetuses with trisomy 18**
F. I. Vos, E. A. P. de Jong-Pleij, M. Bakker, E. Tromp, G. T. R. Manten and C. M. Bilardo

- 73 **Predictive value of cervical length in women with twin pregnancy presenting with threatened preterm labor**
N. Melamed, L. Hirsch, R. Gabbay-Benziv, R. Bardin, I. Meizner, A. Wiznitzer and Y. Yogeve
- 82 **Umbilical and fetal middle cerebral artery Doppler at 35–37 weeks' gestation in the prediction of adverse perinatal outcome**
 *R. Akolekar, A. Syngelaki, D. M. Gallo, L. C. Poon and K. H. Nicolaides*
- 93 **Changes in shear wave speed pre- and post-induction of labor: a feasibility study**
L. C. Carlson, S. T. Romero, M. L. Palmeri, A. Muñoz del Río, S. M. Esplin, V. M. Rotemberg, T. J. Hall and H. Feltovich
- 99 **Does the prevalence of levator ani muscle avulsion differ when assessed using tomographic ultrasound imaging at rest vs on maximum pelvic floor muscle contraction?**
K. van Delft, R. Thakar, A. H. Sultan and K. B. Kluivers
- 104 **Use of ultrasound in predicting success of intrauterine contraceptive device insertion immediately after delivery**
 *T. Dias, S. Abeykoon, S. Kumarasiri, C. Gunawardena, T. Padeniya and F. D'Antonio*
- 109 **Fusion imaging for evaluation of deep infiltrating endometriosis: feasibility and preliminary results**
 *A.-E. Millischer, L. J. Salomon, P. Santulli, B. Borghese, B. Dousset and C. Chapron*
- 118 **Foley balloon catheter to prevent or manage bleeding during treatment for cervical and Cesarean scar pregnancy**
I. E. Timor-Tritsch, G. Cali, A. Monteagudo, N. Khatib, R. E. Berg, F. Forlani and E. Avizova

LETTERS TO THE EDITOR

- 124 **Two- and three-dimensional ultrasound for assessing potential airway obstruction in congenital epulis**
L. Petermann, P. Roth, A. Giuseppi, J. Davrou, J.-E. Magny and A. Lapillonne
- 125 **Sliding organs sign in gynecological ultrasound**
I.-E. Timor-Tritsch
- 126 **Question mark form of uterus: a simple sonographic sign associated with the presence of adenomyosis**
N. Di Donato, V. Bertoldo, G. Montanari, L. Zannoni, G. Caprara and R. Seracchioli

CORRESPONDENCE

- 128 **Reproducibility of Doppler evaluation: need to include physiological variation in determination of achievable ICCs**
A. Welsh and A. Henry
- 128 **Reply: examining the reproducibility of ultrasound techniques**
W. P. Martins and C. O. Nastri
