

# ULTRASOUND

## in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of  
the International Society of Ultrasound  
in Obstetrics and Gynecology

### CONTENTS

#### EDITORIAL

- 769 PHACE syndrome: not always 'tilting telephones' and Dandy-Walker malformations...  
*D. Paladini, A. Cecchi, C. Gandolfo and A. Rossi*

#### OPINION

- 771 Indications for fetal echocardiography: Italian Society of Ultrasound in Obstetrics and Gynecology (SIEOG) guidelines using GRADE methodology  
*Italian Society of Ultrasound in Obstetrics and Gynecology (SIEOG) Working Group on the Obstetric Referral Scan*

#### SYSTEMATIC REVIEW

- 778 Prenatal diagnosis and postnatal outcome of fetal congenital knee dislocation: systematic review of literature  
*P. I. Cavoretto, M. Castoldi, G. Corbella, A. Forte, D. Moharamzadeh, D. Emedoli, M. Candiani and M. De Pellegrin*

#### ORIGINAL PAPERS

- 788 Mortality and severe neurological morbidity in extremely preterm growth-restricted fetuses  
*E. Mazarico, E. Meler, M. Mendoza, I. Herraiz, E. Llurba, R. De Diego, M. Comas, D. Boada, A. González, E. Bonacina, M. Armengol-Alsina, E. Moline, I. Hurtado, N. Torre, M. D. Gomez-Roig, A. Galindo and F. Figueras*
- 796 Predictive value of fetal growth trajectory from 20 weeks of gestation onwards for severe adverse perinatal outcome in low-risk population: secondary analysis of IRIS study  
*H. D. Kamphof, M. van Roekel, J. Henrichs, H. de Vreede, C. J. Verhoeven, A. Franx, A. de Jonge, W. Ganzevoort and S. J. Gordijn*
- 805 Outcome-based comparative analysis of five fetal growth velocity models to define slow growth  
*J. Gardosi and O. Hugh*
- 813 Afferent venous perfusion of fetal liver: umbilical and portal blood-flow volumes in fetuses born small-for-gestational age  
*Z. Kivilevitch, Y. Gilboa, N. Gilad, E. Kassif and R. Achiron*
- 821 Accuracy of sonographic fetal weight estimation and prediction of birth-weight discordance in twin pregnancy: large single-center study  
*H. Rosen, Y. Gold-Zamir, M. Lopian, T. Weissbach, E. Kassif and B. Weisz*
- 829 Can growth in dichorionic twins be monitored with individualized growth assessment?  
*R. L. Deter, W. Lee, P. Dicker, F. Breathnach, Z. Molphy and F. D. Malone*
- 836 Prediction using serum glycosylated fibronectin and angiogenic factors of superimposed pre-eclampsia in women with chronic hypertension  
*N. Sokratous, M. Bednorz, A. Syngelaki, A. Wright, K. H. Nicolaidis and N. A. Kametas*
- 843 Longitudinal assessment of angiogenic markers in prediction of adverse outcome in women with confirmed pre-eclampsia  
*J. Binder, P. Palmrich, E. Kalafat, C. Haberl, N. Schirwani, P. Pateisky and A. Khalil*
- 852 Three-dimensional echocardiography and strain cardiac imaging in women with pre-eclampsia with follow-up to 6 months postpartum  
*A. M. Company Calabuig, E. Nunez, G. Georgiopoulos, K. H. Nicolaidis, M. Charakida and C. De Paco Matallana*
- 860 Longitudinal assessment of spiral and uterine arteries in normal pregnancy using novel ultrasound tool  
*R. Horgan, E. Sinkovskaya, G. Saade, E. Kalafat, M. M. Rice, A. Heeze and A. Abuhamad*

- 867 SARS-CoV-2 infection as cause of *in-utero* fetal death: regional multicenter cohort study  
*M. Nkobetchou, M. Leruez-Ville, T. Guillemot, N. Roux, G. Petrilli, F. Guimiot, M.-H. Saint-Frison, I. Deryabin, Y. Ville and V. Faure-Bardon*
- 875 Impact of choroid plexus size in prenatal diagnosis of normal and abnormal closure of fourth ventricle  
*P. Volpe, V. De Robertis, T. Fanelli, G. Volpe, C. Olivieri, S. Boito and N. Persico*
- 882 Management of large placental chorioangioma: two-port laser approach for fetal intervention  
*N. Agarwal, R. Papanna, E. P. Bergh, E. Hernandez-Andrade, S. Backley, A. Salazar, A. Johnson and J. Espinoza*
- 891 Characterization of adnexal lesions using photoacoustic imaging to improve sonographic O-RADS risk assessment  
*Q. Zhu, H. Luo, W. D. Middleton, M. Itani, I. S. Hagemann, A. R. Hagemann, M. J. Hoegger, P. H. Thaker, L. M. Kuroki, C. K. McCourt, D. G. Mutch, M. A. Powell and C. L. Siegel*

#### LETTERS TO THE EDITOR

- 904 Dynamic transvaginal ultrasound examination for assessing anatomy of parametrium  
*F. Moro, S. Zermano, M. M. Ianieri, A. De Cicco Nardone, P. Carfagna, F. Ciccarone, A. Ercoli, D. Querleu, G. Scambia and A. C. Testa*
- 906 How to differentiate PHACES syndrome from Blake's pouch cyst in first half of pregnancy  
*L. Pomar, S. Lebon and Y. Vial*
- 908 Fetal macrocephaly in late pregnancy: don't forget overgrowth syndromes  
*Q.-X. Yu, L. Zhen, X.-M. Lin, Y.-J. Wen and D.-Z. Li*
- 909 Identification of fetal female internal genitalia as clue to prenatal diagnosis of urorectal septum malformation sequence  
*V. El-Achi, A. Phan, M. E. Smet and T. I. Alahakoon*

#### CORRESPONDENCE

- 911 Cooperation over conflict at the maternal-fetal interface  
*S. Yagel, S. M. Cohen, O. Beharier and D. Goldman-Wohl*
- 912 Reply  
*J. Espinoza and D. Haig*
- 913 Re: Assay interference leading to erroneous pregnancy-associated plasma protein-A results  
*A. Matyszkiewicz, M. Wiecheć and A. Nocun*

#### PICTURE OF THE MONTH

- 914 Kleefstra syndrome presenting as pulmonary atresia with intact ventricular septum diagnosed prenatally at 16 weeks using four-dimensional spatiotemporal image correlation  
*Karthik Senthilvel*

#### CONGRESS REPORT

- 918 33<sup>rd</sup> World Congress on Ultrasound in Obstetrics and Gynecology, 16-19 October 2023, Seoul, South Korea: presentations and awards

#### ACKNOWLEDGMENT OF REFEREES

- 925 Acknowledgment of Referees, 2023
