

REVIEW ARTICLES

- Innovative interventions to promote behavioral change in overweight or obese individuals: A review of the literature
Daniel E. Okorodudu, Hayden B. Bosworth & Leonor Corsino 179
- Rapid prototyping-assisted maxillofacial reconstruction
Qian Peng, Zhangui Tang, Ousheng Liu & Zhiwei Peng 186
- Molecular mechanisms of the progression of myelodysplastic syndrome to secondary acute myeloid leukaemia and implication for therapy
Chunli Dan, Jianxiang Chi & Li Wang 209
- Helsinki alert of biodiversity and health
Leena von Hertzen, Bruce Beutler, John Bienenstock, Martin Blaser, Patrice D. Cani, Johan Eriksson, Martti Färkkilä, Tari Hahtela, Ilkka Hanski, Maria C. Jenmalm, Juha Kere, Mikael Knip, Kimmo Kontula, Markku Koskenvuo, Charlotte Ling, Thomas Mandrup-Poulsen, Erika von Mutius, Mika J. Mäkelä, Tiina Paunio, Göran Pershagen, Harald Renz, Graham Rook, Maria Saarela, Outi Vaarala, Marc Veldhoen & Willem M. de Vos 218

ORIGINAL ARTICLES

- Lowering C-reactive protein with statins after an ischemic stroke avoids mortality and readmissions. A prospective cohort study
José Carlos Arévalo-Lorido, Juana Carretero-Gómez, José María Fernández-Recio, Alejandra Alvarez-Oliva, Concepción Gutiérrez-Montaño, Francisco Najarro-Diez & María Josefa Martín-Sánchez 226
- Associations between sleep disturbances and diabetes mellitus among blacks with metabolic syndrome: Results from the Metabolic Syndrome Outcome Study (MetSO)
Alberto R. Ramos, Douglas M. Wallace, Seithikurippu Ratnas Pandi-Perumal, Natasha J. Williams, Chimene Castor, Mary Ann Sevick, Samy I. McFarlane & Girardin Jean-Louis 233
- High risk of abnormal QT prolongation in the early morning in diabetic and non-diabetic patients with severe hypoglycemia
Tetsuro Tsujimoto, Ritsuko Yamamoto-Honda, Hiroshi Kajio, Miyako Kishimoto, Hiroshi Noto, Remi Hachiya, Akio Kimura, Masafumi Kakei & Mitsuhiro Noda 238
- Plasma cytokine levels and risks of abdominal aortic aneurysms: A population-based prospective cohort study
Mengyang Liao, Cong-Lin Liu, Bing-Jie Lv, Jin-Ying Zhang, Longxian Cheng, Xiang Cheng, Jes S. Lindholt, Lars M. Rasmussen & Guo-Ping Shi 245
- Determinants of serum 25(OH)D concentration in young and middle-aged adults. The Cardiovascular Risk in Young Finns Study
Atte J. W. Voipio, Katja A. Pakkala, Jorma S. A. Viikari, Vera Mikkilä, Costan G. Magnussen, Nina Hutri-Kähönen, Mika Kähönen, Terho Lehtimäki, Satu Männistö, Britt-Marie Loo, Antti Jula, Jukka Marniemi, Markus Juonala & Olli T. Raitakari 253
- Sudden cardiac death during physical exercise: Characteristics of victims and autopsy findings
Tomi Toukola, Eeva Hookana, Juhani Junttila, Kari Kaikkonen, Jani Tikkanen, Juha Perkiömäki, Marja-Leena Kortelainen & Heikki V. Huikuri 263
- Treatment response to sleep, pain, and mood disturbance and their correlation with sleep disturbance in adult patients with moderate-to-severe primary restless legs syndrome: Pooled analyses from 3 trials of gabapentin enacarbil
Richard K. Bogan, Daniel O. Lee, Mark J. Buchfuhrer, Mark J. Jaros, Richard Kim & Gwendoline Shang 269
