

European Heart Journal

Volume 43 No. 1 January 2022

ISSUE @ A GLANCE

A comprehensive update on cardiovascular surgery: challenges and opportunities
F. Crea

1

CardioPulse

Living the heart team live on stage in Serbia cardiac surgeons and cardiologists met at the second **BELgrade Valve International Symposium**
M. Banovic, S. Putnik, and R. Binder

6

Welcome on board! Meet the new EHJ board reviewers

9

ESC/HFA Quality of Care Centres: the ultimate frontier in unifying heart failure management
P.M. Seferovic, M. Piepoli, M. Polovina, I. Milinkovic, G.M.C. Rosano, and A.J.S. Coats

11

Ticking over nicely
M. Nicholls

14

Weekly Journal Scan

A fixed-dose combination treatment strategy to reduce premature cardiovascular disease deaths globally
G. Liuzzo and C. Patrono

16

META-ANALYSIS

Cardiac and Vascular Surgery

Sex differences in outcomes after coronary artery bypass grafting: a pooled analysis of individual patient data*

M. Gaudino, A. Di Franco, J.H. Alexander, F. Bakaeen, N. Egorova, P. Kurlansky, A. Boening, J. Chikwe, M. Demetres, P.J. Devereaux, A. Diegeler, A. Dimagli, M. Flather, I. Hameed, A. Lamy, J.S. Lawton, W. Reents, N.B. Robinson, K. Audisio, M. Rahouma, P.W. Serruys, H. Hara, D.P. Taggart, L.N. Girardi, S.E. Fremes, and U. Benedetto

18

Editorial

Why do women do worse after coronary artery bypass grafting?
S.A.E. Peters and J. Kluin

29

CLINICAL RESEARCH

Cardiac and Vascular Surgery

Long-term outcomes following endovascular and surgical revascularization for peripheral artery disease: a propensity score-matched analysis

S.L. Parvar, L. Ngo, J. Dawson, S.J. Nicholls, R. Fitridge, P.J. Psaltis, and I. Ranasinghe

32

Editorial

Higher long-term mortality after endovascular vs. open-surgical revascularization of peripheral artery disease in Australia and New Zealand?

C.-A. Behrendt

41

Cardiac and Vascular Surgery

Determinants of outcomes following surgery for type A acute aortic dissection: the UK National Adult Cardiac Surgical Audit

U. Benedetto, A. Dimagli, A. Kaura, S. Sinha, G. Mariscalco, G. Krasopoulos, N. Moorjani, M. Field, T. Uday, S. Kendal, G. Cooper, R. Uppal, H. Bilal, J. Mascaro, A. Goodwin, G. Angelini, G. Tsang, and E. Akowuah, on the behalf of UK Aortic group

44

Editorial

Acute type A aortic dissection reconsidered: it's all about the location of the primary entry tear and the presence or absence of malperfusion

M. Czerny and B. Rylski

53

Cardiac and Vascular Surgery

6 Ten-year all-cause death after percutaneous or surgical revascularization in diabetic patients with complex coronary artery disease

R. Wang, P.W. Serruys, C. Gao, H. Hara, K. Takahashi, M. Ono, H. Kawashima, N. O'leary, D.R. Holmes, A. Witkowski, N. Curzen, F. Burzotta, S. James, R.-J. van Geuns, A.P. Kappetein, M.-a. Morel, S.J. Head, D.J.F.M. Thuijs, P.M. Davierwala, T. O'Brien, V. Fuster, S. Garg, and Y. Onuma

56

Editorial

Is there equivalence between PCI and CABG surgery in long-term survival of patients with diabetes? Importance of interpretation biases and biological plausibility

W.E. Boden, R. De Caterina, and D.P. Taggart

68

Cardiac and Vascular Surgery

Cardiovascular magnetic resonance imaging in suspected cardiac tumour: a multicentre outcomes study

C. Shenoy, J.D. Grizzard, D.J. Shah, M. Kass, M.J. Reardon, M. Zagurovskaya, H.W. Kim, M.A. Parker, and R.J. Kim

71

Editorial

When tissue and outcomes are the issue. Cardiac magnetic resonance for patients with suspected cardiac tumours

S. Giusca, S. Kelle, and G. Korosoglou

81

DISCUSSION FORUM

Right ventricle assessment in patients with pulmonary embolism: low risk = low yield for systematic echocardiography

M. Arrigo and L.C. Huber

84

Echocardiography for risk stratification in patients with pulmonary embolism at low risk of death: a response

G. Maraziti, D.R. Vinson, and C. Becattini

86

CARDIOVASCULAR FLASHLIGHT

6 Diagnostic necessity of cardiac MRI in myocardial infarction with no obstructive coronary arteries: an illustration

T.P.J. Jansen, P. Damman, and R. Nijveldt

88

CORRIGENDUM

Corrigendum to: Antiplatelet therapy in patients with conservatively managed spontaneous coronary artery dissection from the multicentre DISCO registry

87
