

ISSUE @ A GLANCE

Ejection fraction to classify heart failure: are we using the right thing?

T.F. Lüscher

1219

CardioPulse

Sune K. Bergström and Bengt I. Samuelsson

M. Nicholls

1223

Dr Peter Libby's Harvard laboratory

1225

The ESC Council on Basic Cardiovascular Science

C. Weber

1227

Writing an excellent case report

C.F. Camm

1230

CURRENT OPINION

Heart failure/cardiomyopathy

The year in cardiology: heart failure

J.G.F. Cleland, A.R. Lyon, T. McDonagh, and J.J.V. McMurray

1232

FAST TRACK CLINICAL RESEARCH

Heart failure/cardiomyopathy

Routinely reported ejection fraction and mortality in clinical practice: where does the nadir of risk lie?

G.J. Wehner, L. Jing, C.M. Haggerty, J.D. Suever, J.B. Leader, D.N. Hartzel, H.L. Kirchner, J.N.A. Manus, N. James, Z. Ayar, P. Gladding, C.W. Good, J.G.F. Cleland, and B.K. Fornwalt

1249

Editorial

Hyperdynamic left ventricular function and the prognostic implications for heart failure with preserved ejection fraction

A.C.T. Ng and J.J. Bax

1258

BASIC SCIENCE

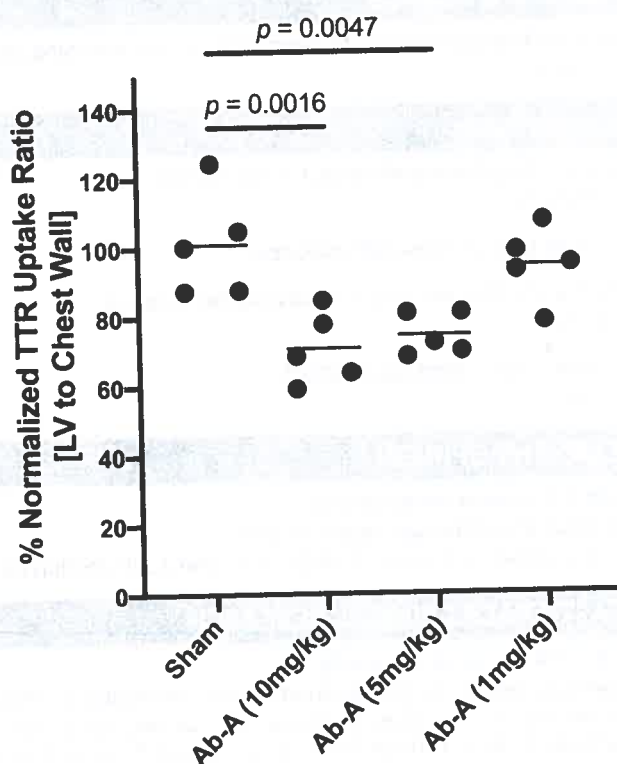

Heart failure/cardiomyopathy

A novel monoclonal antibody targeting aggregated transthyretin facilitates its removal and functional recovery in an experimental model

J. George, M. Rappaport, S. Shimon, S. Goland, I. Voldarsky, Y. Fabricant, O. Edri, V. Cuciuc, S. Lifshitz, S. Tshori, and M. Fassler

1260

Ab-A clears aggregated TTR in an experimental model

Editorial

An antibody against pre-amyloid oligomers: a potential clinical tool or merely an intriguing observation?

R.H. Falk and S. Dorbala

1271

CLINICAL RESEARCH

Heart failure/cardiomyopathy

Aetiology and outcomes of severe right ventricular dysfunction

R. Padang, N. Chandrashekar, M. Indrabhinduwat, C.G. Scott, S.A. Luis, K. Chandrasekaran, H.I. Michelena, V.T. Nkomo, S.V. Pisslaru, P.A. Pellikka, and G.C. Kane

1273

Editorial

The alarming association between right ventricular dysfunction and outcome: aetiology matters

M. Guazzi

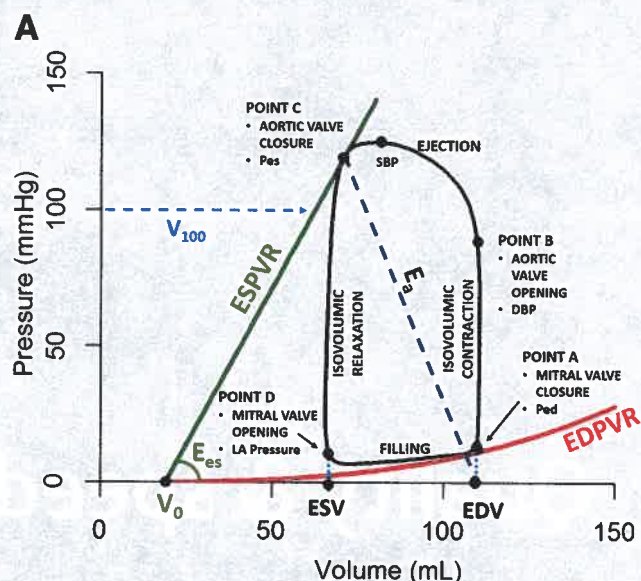

1283

CLINICAL REVIEWS

Basic Science for the clinician

Invasive left ventricle pressure-volume analysis: overview and practical clinical implications

M.B. Bastos, D. Burkhoff, J. Maly, J. Daemen, C.A. den Uil, K. Ameloot, M. Lenzen, F. Mahfoud, F. Zijlstra, J.J. Schreuder, and N.M. Van Mieghem 1286

Heart failure/cardiomyopathy

Heart failure can affect everyone: the ESC Geoffrey Rose lecture

K. Sliwa

1298

DISCUSSION FORUM

How much can acute heart failure patients with low basic blood pressure (systolic blood pressure 90-100 mmHg) benefit from the use of vasodilators?

Y. Zhou, J. Wen, and J. Nie

1307

CARDIOVASCULAR FLASHLIGHTS

A man with end-stage renal failure and uncontrolled hyperparathyroidism with repeat transcatheter aortic valve replacement in a surgical bioprosthetic aortic valve while avoiding patient-prosthesis mismatch

C.-H. Sia, C.F.S. Gochuico, C.C. Ong, L.L.-S. Teo, and E.L.-W. Tay

1308

Parvovirus B19-induced angiogenesis in fulminant myocarditis

M. Ackermann, W.L. Wagner, P. Rellecke, P. Akhyari, U. Boeken, and P. Reinecke

1309
