

Beyond the World Symposium on Pulmonary Hypertension: practical management of pulmonary arterial hypertension and evolving concepts

J.-L. Vachiéry and N. Galiè

K1

The revised definition of pulmonary hypertension: exploring the impact on patient management

G. Simonneau and M. M. Hoeper

K4

Screening strategies for pulmonary arterial hypertension

D. G. Kiely, A. Lawrie and M. Humbert

K9

The burden of comorbidities in pulmonary arterial hypertension

I. M. Lang and M. Palazzini

K21

Management of pulmonary arterial hypertension in patients aged over 65 years

O. Sitbon and L. Howard

K29

Pulmonary arterial hypertension populations of special interest: portopulmonary hypertension and pulmonary arterial hypertension associated with congenital heart disease

L. Savale and A. Manes

K37

The practical management of fluid retention in adults with right heart failure due to pulmonary arterial hypertension

S. Stickel, W. Gin-Sing, M. Wagenaar and J. S. R. Gibbs

K46

My life with pulmonary arterial hypertension: a patient perspective

P. Ferrari and H. Skåra

K54
