

ULTRASOUND

in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

CONTENTS

OPINION

- 125 Fetal heart, brain and placenta: introducing a three-way (patho)physiological pairing
 P. *Abi Habib*, M. *Bucak*, F. *Crispi*, O. *Gomez*, O. *Turan* and S. *Turan*

SYSTEMATIC REVIEW

- 135 Benefits and complications of fetal and postnatal surgery for open spina bifida: systematic review and proportional meta-analysis
 Y. *Kunpalin*, V. S. *Karadjole*, E. S. B. *Medeiros*, M. *Domínguez-Moreno*, J. *Sichitiu*, N. *Abbasi*, G. *Ryan*, S. *Shinar*, J. W. *Snelgrove*, A. V. *Kulkarni* and T. *Van Mieghem*
- 147 Outcome of fetuses with early increased nuchal translucency: systematic review and meta-analysis
 B. *Matarrelli*, A. *Khalil*, M. *Bernassola*, L. *Ranucci*, G. *Vizzielli*, A. *Lucidi*, S. *Prasad* and F. *D'Antonio*

ORIGINAL PAPER

- 155 Cardiovascular function in women with previous gestational diabetes mellitus and dysglycemia at 5 months postpartum
 T. *Mansukhani*, S. *Lausegger*, G. *Eisenkolb*, S. *Eniste*, C. *Gomez Fernandez*, K. H. *Nicolaidis* and M. *Charakida*
- 163 External validation of QUIPP App in three independent European cohorts of symptomatic women
 A. M. *Fischer*, K. *Bos*, P. C. A. M. *Bakker*, M. *Hoogendoorn*, B. W. *Mol*, A. L. *Rietveld*, P. W. *Teunissen*, I. *Dehaene* and F. *Hermans*
- 175 Perinatal risk assessment in pregnancies complicated by early-onset fetal growth restriction: development and internal validation of a prediction model for composite adverse perinatal outcome
 M. *van de Meent*, E. W. *Bel*, W. *Ganzevoort*, S. J. *Gordijn*, F. *Groenendaal*, E. M. W. *Kooi*, W. *Onland*, E. *Schuit*, A. T. *Lely* and J. *Kooiman*, on behalf of the OPTimal Timing of antenatal Corticosteroids in pregnancies complicated by early-onset fetal growth REstriction (OPTICORE) study group
- 186 Dichorionic twin pregnancy with selective fetal growth restriction: prognosis, complications and implications of Doppler abnormalities
 K. Y. *Tse*, N. Y. F. *Yu*, K. Y. *Leung* and K. W. *Cheung*
- 194 Vasa previa screening, diagnosis, management and outcomes: single-center study
T. *Lueck*, A. *Macharia*, A. *Modest*, S. A. *Shanker*, L. *Kleeman*, S. *Agudogo*, L. *Smith*, M. *Ferrés* and Y. *Oyelese*
- 200 Cord blood levels of insulin-like growth factor-1 and insulin-like growth factor binding protein-3 correlate with perinatal brain development in fetal congenital heart disease
M. *Nijman*, N. H. P. *Claessens*, J. M. P. J. *Breur*, L. *Reijn*, N. J. G. *Jansen*, I. M. *van Ooijen*, R. *de Heus*, C. H. *Nijboer*, M. N. *Bekker*, M. J. N. L. *Benders*, R. *Stegeman* and J. E. G. *Vaes*, the CHD LifeSpan Study Group Utrecht

- 210 Predictive value of cervical length for spontaneous preterm birth in women with cervical cerclage
 K. E. *Mountain*, S. *Ng*, T. *Elger*, H. *Judah*, R. *Akolekar*, H. V. *Lewis*, D. A. *MacIntyre*, V. *Terzidou*, P. R. *Bennett*, T. G. *Teoh*, L. *Sykes* and K. H. *Nicolaidis*
- 217 Alterations in vaginal microbiome in women with short cervix: longitudinal study of microbial diversity and impact of vaginal progesterone treatment
E. *Celik*, G. *Ozcan*, C. *Vatansever*, E. *Paerhati*, L. *Uygur*, C. *Unal*, S. *Guler Cekic*, M. A. *Ozten*, A. *Gürsoy*, Ö. *Keskin*, M. *Turgal*, T. *Gursoy* and F. *Can*
- 226 Evolution of magnetic resonance diffusion tensor imaging metrics in the normal fetal brain
 R. *Corroenne*, I. *Papastefanou*, H. *Mahallati*, L. *Bobet*, L. *Bussieres*, D. *Grevent* and L. J. *Salomon*
- 233 Imaging in gynecological disease (28): clinical and ultrasound characteristics of serous and mucinous cystadenomas in the adnexa
 F. *Mascilini*, F. *Moro*, T. *Pasciuto*, P. *Sladkevicius*, W. *Froyman*, L. *Jokubkiene*, C. *Van Holsbeke*, D. *Franchi*, E. *Epstein*, S. *Guerriero*, V. *Chiappa*, F. *Buonomo*, M. J. *Kudla*, J. L. *Alcázar*, L. *Hochberg*, F. *Ciccarone*, L. *Quagliozzi*, G. *Scambia*, D. *Timmerman*, L. *Valentin* and A. C. *Testa*
- 242 Do we need individualized interslice intervals for exoanal tomographic imaging?
H. P. *Dietz*, K. L. *Shek* and S. *Sperandei*

LETTER TO THE EDITOR

- 246 Primary vaginal diffuse large B-cell lymphoma during pregnancy: case report and literature review
 E. *Teodorico*, F. *Moro*, C. *Panico*, L. M. *Larocca*, S. *Hohaus* and A. C. *Testa*
- 248 Cytomegalovirus universal screening in early pregnancy: truth is a tendency
 G. *Favre*, N. *Bourgon*, P. *Roth*, C. *Chatzakis*, J. *Fourgeaud*, P. *Coste-Mazeau*, S. *Alain*, M. *Leruez-Ville* and Y. *Ville*
- 250 Double-needle intrauterine transfusion technique for early severe fetal anemia resulting from parvovirus B19
 J.-M. *Jouannic*, L. *Franchinard*, L. *Guilbaud*, A. *Dugas*, F. *Dhombres* and P. *Maurice*

CORRESPONDENCE

- 252 Re: Fetal biometry reference ranges derived from prospective twin population and evaluation of adverse perinatal outcome
D. *Wright*, A. *Wright*, S. E. *Kristensen*, O. B. *Petersen*, F. S. *Molina*, P. *Chaveeva* and K. H. *Nicolaidis*
- 253 Reply
P. *Dicker*, S. *Daly*, R. M. *Conroy*, F. M. *McAuliffe*, M. P. *Geary*, J. J. *Morrison*, S. S. *Carroll*, F. D. *Malone* and F. M. *Breathnach*

PICTURE OF THE MONTH

- 256 Three-dimensional ultrasound demonstration of boomerang vessel of Type-III vasa previa at 21 weeks' gestation
 K. *Senthilvel*, V. *Ravindran*, K. C. *Arivarasan* and N. *Karthikeyan*
