

ULTRASOUND

in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

CONTENTS

OPINION

- 133 Gestational-age calculation by embryonic dating: a more accurate and practical approach than using last menstrual period
 *V. Berghella, R. A. McLaren Jr and K. Barnhart*

SYSTEMATIC REVIEW

- 136 Perinatal outcome after single intrauterine death in monochorionic twin pregnancy: systematic review and meta-analysis
 *S. Dessole, A. Khalil, A. Shamsirsaz, A. Galindo, F. Prefumo, A. Fichera, G. Rizzo, I. Mappa, F. D'Antonio and Collaborators*

ORIGINAL ARTICLE

- 147 Angiogenic factor levels across severity stages of fetal smallness with or without associated pre-eclampsia
 *L. Youssef, S. Paolucci, F. Crovetto, J. Miranda, S. Lobmaier, F. Figueras, F. Crispi and E. Gratacos*
- 155 Risk of pre-eclampsia according to gestational age across three decades: population-based study
 *C. Haavaldsen, O. Thomas and A. Eskild*
- 162 Cost-benefit analysis of first-trimester pre-eclampsia screening: comparison of multivariable Gaussian algorithm with and without placental growth factor
E. Bonacina, M. Armengol-Alsina, M. Dalmau, A. Casellas, E. Roldán, J. Temprado, E. Del Barco, A. Arias, R. Ferrer-Costa, N. Maiz and M. Mendoza
- 168 Vasa previa screening: comparison of national and international obstetric imaging guidelines
S. Agudogo, C. McMahon, D. L. Rolnik and Y. Oyelese
- 175 Association between isolated single umbilical artery and neurodevelopmental disorders: population-based study
 *C. Ebbing, A. Halmoy, E. Jauniaux, A. Einum, S. Rasmussen and D. Moster*
- 183 Longitudinal reference ranges for Doppler blood velocity parameters of inferior adrenal artery in the human fetus
 *Ø. Bergøy, I. Dalen, T. Kiserud, J. Kessler and R. K. Sande*
- 191 Reference charts for first-trimester placental three-dimensional fractional moving blood volume derived using OxNNet
 *S. Mathewlynn, L. N. Starck, Y. Yin, M. Soltaninejad, M. Swinburne, K. H. Nicolaidis, A. Syngelaki, A. G. Contreras, S. Bigiotti, E.-M. Woess, S. Gerry and S. Collins*
- 201 Fetal density evolution and association with ultrasonographically estimated fetal weight: prospective study
A. Bouachba, R. Bartin, J. De Jesus Neves, L. Bussi eres, D. Gr event, J. Virfollet, G. Gauchard, L. Bobet, N. Roux, L. J. Salomon and G. Gorincour

- 207 Comparison of ultrasound with computed tomography and whole-body diffusion-weighted MRI in prediction of surgical outcome using ESMO-ESGO criteria in patients with tubo-ovarian carcinoma: prospective ISAAC study
 *D. Fischerova, P. Pinto, J. L. Alc azar Zambrano, J. Vara-Garcia, V. Chiappa, F. Raspagliesi, D. Franchi, A. V. Urbinati, A. C. Testa, J. Jarkovsky, D. Cibula, F. Moro and Collaborators*

- 220 Association of sling location and bladder descent on ultrasound with cure, satisfaction and complications 10–20 years after midurethral sling surgery: multicenter cross-sectional study
 *B. R. Solhaug, M. Ø. Nyhus, R. Svenningsen and I. Voll yhaug*

LETTER TO THE EDITOR

- 229 ISUOG Basic Training program: contribution to improving theoretical sonographic knowledge
 *G. Favre, M. Kamal,  . Deren, S. Suresh, N. Vrachnis, C. Valencia, J. Tolosa and G. E. Chalouhi*
- 230 Reproducibility of first-trimester uterine artery pulsatility index measurements and impact on preterm pre-eclampsia screening
C. Ammari, R. Napolitano, D. Stott, S. Omer, D. Nzelu and S. L. Hillman
- 232 Fetal brain connectomics using diffusion tensor imaging: insights into prenatal brain development
 *R. Corroenne, D. Grevent and L. J. Salomon*

CORRESPONDENCE

- 234 Towards prediction of placental site trophoblastic tumor by uterine artery pulsatility index
B. Li, H. Ding and H. Sun
- 234 Reply
R. Cioffi, P. I. Cavoretto and G. Mangili

PICTURE OF THE MONTH

- 236 Tubes in trouble: highlighting ultrasound characteristics that differentiate benign from malignant tubal lesions
  *E. Trimarchi, C. Caia, C. Borso, L. Galli, S. Palladino, L. Zanchi, B. Paolini and V. Chiappa*

CONSENSUS STATEMENT

- 241 ISUOG Consensus Statement on sonographic assessment of the endometrium: how to perform a gynecological ultrasound scan and report the findings
