

# ULTRASOUND

## in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of  
the International Society of Ultrasound  
in Obstetrics and Gynecology

### CONTENTS

#### EDITORIAL

- 401 Time to reconcile the dichotomy of the cardiovascular-placental axis  
*P. I. Cavoretto, N. R. Nayak and A. O. Odibo*

#### OPINION

- 404 Impact of Medical Device Regulation on use of ultrasound-based prediction models in clinical practice  
*A. Kotlarz, W. Froyman, L. Valentin, A. Testa, M. Van Hove, B. Van Calster, T. Bourne and D. Timmerman*
- 407 Prenatal intervention in vein of Galen aneurysmal malformation via transuterine ultrasound-guided fetal embolization: call for a global registry  
*R. Brawura-Biskupski-Samaha, B. Rebizant, K. Kosińska-Kaczyńska, S. Prasad, M. Siergiej, B. Kądziołka, A. Kolesnik, N. Szymancka-Samaha, I. Rzucidlo-Szymaniska and A. Khalil*

#### SYSTEMATIC REVIEW

- 414 Hydrosalpinx treatment before *in-vitro* fertilization: systematic review and network meta-analysis  
*F. Pérez-Milán, M. Caballero-Campo, M. Carrera-Roig, E. Moratalla-Bartolomé, J. A. Domínguez-Arroyo, J. L. Alcázar-Zambrano, L. Alonso-Pacheco and J. A. Carugno, on behalf of the Spanish Fertility Society Special Interest Group on Organic Reproductive Disorders*

#### ORIGINAL PAPER

- 427 Routine 36-week scan: diagnosis of fetal abnormalities  
*A. Syngelaki, R. Mitsigiorgi, J. Goadsby, K. Hamed, R. Akolekar and K. H. Nicolaidis*
- 436 Fetal biometry reference ranges derived from prospective twin population and evaluation of adverse perinatal outcome  
*P. Dicker, S. Daly, R. M. Conroy, F. M. McAuliffe, M. P. Geary, J. J. Morrison, S. S. Carroll, F. D. Malone and F. M. Breathnach*
- 447 N-terminal pro B-type natriuretic peptide as biomarker to predict pre-eclampsia and maternal-fetal complications  
*M. N. Nan, C. Garrido-Giménez, Á. García-Osuna, P. García Manau, J. Ullmo, J. Mora, O. Sanchez-Garcia, J. Platero, M. Cruz-Lemini and E. Llubra, on behalf of the EuroPE working group*
- 456 Ongoing outbreak of maternal parvovirus B19 infections in Germany since end of 2023: consequence of COVID-19 pandemic?  
*J. Jiménez Cruz, R. Axt-Flidner, C. Berg, F. Faschingbauer, K. O. Kagan, J. Knabl, A. Lauten, H. Lehmann, H. Stepan, M. Tavares de Sousa, S. Verlohren, U. Germer, J. Weichert, B. Strizek and A. Geipel*
- 462 Increased nuchal translucency thickness and normal chromosomal microarray: Danish nationwide cohort study  
*K. Gadsbøll, N. Brix, P. Sandager, O. B. Petersen, A. P. Souka, K. H. Nicolaidis and I. Vogel*

- 470 Detection of human cytomegalovirus cell-free DNA in pregnant women with symptomatically infected fetuses: proof-of-concept study  
*B. H. W. Faas, T. Meuleman, G. Astuti, A. Reuss, K. Stol, E. A. Sistermans, J. Linthorst, E. van Leeuwen, J. Rahamat-Langendoen and F. A. Wilmink*
- 478 Evaluation of first-trimester ultrasound screening strategy for fetal congenital heart disease  
*S. Yang, G. Qin, G. He, M. Liang, Y. Liang, S. Luo, Z. Yang, Y. Pang, F. Long and Y. Tang*
- 487 Pop-off mechanisms in fetal megacystis: extravasation, umbilical cord cyst, ureterocele and megaureter  
*L. A. M. Brinkman, L. K. Duin, P. N. Adama van Scheltema, T. E. Cohen-Overbeek, E. Pajkrt, M. N. Bekker, C. Willekes, E. J. T. Verweij, C. Bilardo and F. Fontanella*
- 495 Magnetic resonance imaging and ultrasound examination in preoperative pelvic staging of early-stage cervical cancer: post-hoc analysis of SENTIX study  
*D. Cibula, C. Köhler, J. Jarkovský, R. Kocián, P. Dunder, J. Klát, I. Zapardiel, F. Landoni, F. Frühauf, R. Fischbach, M. Borčinová and D. Fischerová*

#### LETTER TO THE EDITOR

- 503 High-frequency ultrasound: promising tool for intraoperative *ex-vivo* assessment of lymph nodes  
*M. Ciancia, F. Moro, E. Teodorico, M. Pavone, D. Querleu, G. Garganese, A. Fagotti, G. Scambia and A. C. Testa*
- 505 Prenatal treatment of axillary cystic lymphatic malformation using rapamycin  
*C. Mégier, I. Mediouni, V. Huynh Ho, T. Legrand, L. Guibaud and A. Benachi*
- 507 Correlation between abnormal umbilical vein flow and birth-weight percentile in low-risk term pregnancies: secondary analysis of multicenter prospective study  
*R. Ramirez Zegarra, B. Valentini, I. F. Carbone, L. Angeli, F. Gigli, C. Di Ilio, O. Barba, O. Cassardo, E. Ferrazzi and T. Ghi*
- 508 Twin pregnancy in woman with T-shaped uterus from CUME study  
*A. Ludwin, M. Loboda, L. Zaborowska, W. P. Martins and I. Ludwin*

#### CORRESPONDENCE

- 511 Advancing fetal cardiac insights: extended implications of iron deficiency anemia on diastolic function and cardiac maturation  
*B. Li, Y. Feng and R. Chen*

#### PICTURE OF THE MONTH

- 513 Ultrasound demonstration of arterialization in superior sagittal sinus arteriovenous fistula in fetus at 18 + 6 weeks' gestation  
*K. Senthilvel, V. Ravindran and L. Anbuchezhian*

#### CONSENSUS STATEMENT

- 517 ISUOG/ESGO Consensus Statement on ultrasound-guided biopsy in gynecological oncology
