

ULTRASOUND

in Obstetrics & Gynecology

Editor-in-Chief: Professor Anthony Odibo

The Official Journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

CONTENTS

OPINION

- 541 The cerebroplacental ratio: a useful marker but should it be a screening test?
S. Yagel, S. M. Cohen and D. V. Valsky
- 546 Congenital heart defects during COVID-19 pandemic
A. Khalil, I. Painter and V. Souter

SYSTEMATIC REVIEW

- 552 Incremental yield of exome sequencing over standard prenatal testing in structurally normal fetuses: systematic review and meta-analysis
A. Sotiriadis, E. Demertzidou, A. Ververi, E. Tsakmaki, C. Chatzakis and F. Mone

ORIGINAL PAPER

- 560 Biparietal diameter for first-trimester pregnancy dating: multicenter cohort study
C. de Paco Matallana, V. Rolle, A. M. Fidalgo, J. Sánchez-Romero, J. C. Jani, P. Chaveeva, J. L. Delgado, B. Santacruz, K. H. Nicolaidis and M. M. Gil
- 567 Screening for pre-eclampsia using pregnancy-associated plasma protein-A or placental growth factor measurements in blood samples collected at 8–14 weeks' gestation
L. Rode, A. Wright, D. Wright, M. Overgaard, L. Sperling, P. Sandager, P. Nørgaard, F. S. Jørgensen, H. Zingenberg, I. Riishede, A. Tabor, C. K. Ekelund and the PRESIDE Study Group
- 575 Utility of serial fetal echocardiograms in detecting *in-utero* changes for single-ventricle lesions: an 11-year experience
S. S. Ro, A. Saini, G. Morrow, D. Ketchum, J. Kreeger and E. Michelfelder
- 581 Ultrasound assessment of bladder and motor function in fetuses with open spina bifida: cohort study
L. Van der Veecken, L. De Catte, A. Hindryckx, F. De Bie, A. Sacco, K. Jansen, R. Devlieger, J. Deprest and F. M. Russo
- 589 Comparison of intrauterine transfusion techniques in hemolytic disease of the fetus and newborn
R. M. van 't Oever, V. M. van Duijn, F. Slaghekke, M. C. Haak, D. P. de Winter, E. Lopriore, M. de Haas, S. Le Cessie and E. J. T. Verweij
- 597 Middle cerebral artery velocity time integral as a predictor of fetal anemia using fetal hemoglobin Bart's disease as study model
N. Parapob, P. Jatavan, S. Luewan and T. Tongsong
- 604 Association of magnetic resonance imaging-derived maternal and fetal parameters with shoulder dystocia: matched case-control study
D. A. Badr, F. Abi-Khalil, C. Kadji, N. Marroun, A. Carlin, M. M. Cannie and J. C. Jani

- 613 Prediction of hypertension and diabetes in twin pregnancy using machine learning model based on characteristics at first prenatal visit: national registry study
H. J. Mustafa, E. Kalafat, S. Prasad, M.-H. Heydari, R. N. Nunge and A. Khalil
- 624 Automated multivolume placental reconstruction using three-dimensional power Doppler ultrasound and infrared camera tracking
A. Xue, R. Hanly, D. Luichareonkit, S. Thomas, T. Barber and A. W. Welsh
- 633 Impact of endometrial preparation protocols on pregnancy outcomes in patients with unexplained recurrent implantation failure undergoing frozen embryo transfer
J. Huang, Y. Liao, L. Xia, H. Wu, Z. Liu, J. Lin, J. Zhu, Y. Zhao, Q. Wu, H. Chen, F. von Versen-Höynck and L. Tian
- 641 Ultrasound examiners' ability to describe ovarian cancer spread using preacquired ultrasound videoclips from a selected patient sample with high prevalence of cancer spread
D. Fischerova, P. Pinto, M. Pesta, M. Blasko, M. C. Moruzzi, A. C. Testa, D. Franchi, V. Chiappa, J. L. Alcázar, M. Wiesnerova, D. Cibula, L. Valentin and Collaborators

LETTER TO THE EDITOR

- 653 Metagenomic analysis of NIPT raw data suggests high negative predictive value for congenital cytomegalovirus infection screening
N. Bourgon, I. Padioleau, J. Guibon, J. Fourgeaud, A. Lermine, G. Meurice, T. Guillemot, L. Bussières, M. Leruez-Ville, J.-M. Dupont and Y. Ville
- 655 Repurposing Advanix pancreatic stent for failed treatment of lower urinary tract obstruction
S. Backley, R. Papanna, S. Pandiri, L. Cisek, A. Salazar and L. K. Mann
- 657 Endometrioma decidualization in pregnancy: not just about papillations
M. Doglioli, L. De Meis, E. Mantovani, G. Cristani, R. Seracchioli and S. Del Forno

CORRESPONDENCE

- 659 Untreated ovarian endometrioma: not just a matter of dimensional change over time
P. Vercellini, P. Viganò and E. Somigliana
- 660 Reply
J. Knez and D. Jurkovic

PICTURE OF THE MONTH

- 662 Transvaginal SlowflowHD for embryonic and fetal hearts: human cardiac development in first trimester of pregnancy
T. Hata, R. Takayoshi, M. Sugihara, A. Koyanagi and T. Miyake
